

Thank you for your recent enquiry. As I am sure you will appreciate, we receive many requests for work placements and professional development placements and indeed we do accept students and young professionals for various types of work experience on a regular basis.

In order for us to consider your request we would ask you to complete the attached form and return by post. The form is intended to help us decide whether we feel able to provide you with the type of experience you are looking for at the time you are hoping to be with the company.

It is important that the placement is a positive experience for both you and Motionhouse so, for example, it would serve no purpose for a dance student to be with us when the dancers are away on their summer break!

Finally, it is only fair that we make it clear from the outset that we have no funds available for work placements and you must therefore make sure that you can finance your own travel, subsistence and accommodation (if necessary).

We look forward to hearing from you.
